#### MILLIONAIRES BUY INTO ARROWHEAD MNG. CO

The Arrowhead Mining Company has been reorganized with the addition of two of the best known and wealthiest capitalists of the coast who were given recognition in the directorate through retirement of James D. Sloan and W. P. Clendenin. The new blood is furnished by T. F. Ryan, president of the Ryan Fruit company, of Spokane, and E. Y. Foley, known as the Raisin King of California who is credited with cleaning up over a million dollars on his personal account last year. He is one of the best known executives associated with the raisin industry and Mr. Ryan occupies an analogous position with the fruit packing industry of the north Pacific. Both gentlemen are rated as multi-millionaires and their presence in the Arrowhead augurs well for the future of that company. The changes effected by the addition leaves the personnel of the directorate as follows: R. L. Johns, T. F. Ryan, E. Y. Foley, Peter Fox and Charles J. Blumenthal. The latter has been made treasurer in addition to his former duties as secretary and Mr. Fox was elected vice president to fill the vacancy caused by the death of George Kernick.

#### W. ARROWHEAD EQUIPMENT FOR

Two five-ton trucks left Tonopah this morning for Arrowhead with the largest equipment of machinery ordered by any company in that district. The outfit represented a 25-horsepower hoist and engine weighing seven tons which attracted a great deal of attention as it passed through town from the railroad yards. The equipment is for the West Arrowhead Mining company which is settling the pace for the older companies in the way of aggressive work. The company met its first payment two weeks after incorporation, is out of debt and the engine machinery, gallews frame and hoist all paid for in full leaving the company in a position of using its treasury for sinking purposes and developing. In a few days a compressor and two power drills will be added to the plant and the company will proceed with two shifts to a depth of 150 or 200 feet, according to conditions.

#### FIVE KILLED IN COLLISION HAVE FAITH IN DIVIDE MINES

(By Associated Press) LAMBERTON, Minn., April 29.—Five persons were killed and twelve injured when two passenger trains on the Chicago & Northwestern railroad met in a head-on collision near here early today. People are paying their Operator Divide assessment very well and in one letter received by the company from Los Angeles it was specifically stated that the general feeling about the Divide district in that section was to the effect that development would prove a district of great merit. This reasoning was based on the fact that even though the Divide report showed only something over a million in sight it had more reserves than many of the other Tonopah mines and the fact that also very rich ore had been encountered in several other shafts being operated clandestinely that work would and yet more work would go on. The great rank of Divide district stockholders were optimistic about the future and were willing to gamble their dollars for a longer run. It is estimated on the best authority that New York does not believe that the bottom has been reached in Divide properties and that the confidence of the investing public has not been materially impaired.
